Bio Lumbantoruan — Fullstack Web Developer · Project-Based · biotama.cv

ENGAGEMENT MODELS

Hourly	**USD 30/hr**
Monthly retainer (part-time, ~20 hrs/week)	**USD 2,000/month**
Fixed-price project	**Quoted per scope after discovery**

INCLUDED IN EVERY RATE

Backend: Node.js, TypeScript, Python (FastAPI), REST APIs, auth, business logic

Frontend: React, TypeScript, Tailwind CSS, admin dashboards, data-driven UI

Databases: PostgreSQL, MySQL, SQLite — schema design, migrations, reporting

Infra: Docker, Git, CI/CD, deployment (Cloudflare, Vercel, GCP, Render, UNIX)

Included as standard: AI/LLM & RAG integrations, workflow automation, API integrations, event-driven pipelines — no premium line item

Working style: fast response times, full ownership from system design through deployment, agreed deadlines kept

BILLING TERMS

Hourly: invoiced weekly, Net 7

Fixed-price: 50% upfront, 50% on delivery; milestone-based for projects 4+ weeks

New projects: 2-hour paid discovery call for scope definition

Post-delivery: 2 weeks bug support included
